OBJECTIVE

Detail-oriented, HIPAA-compliant Pharmacy Technician with hands-on experience processing high-volume prescriptions, resolving insurance claims, and delivering compassionate patient care. Seeking to bring clinical accuracy and a patient-first approach to the Pharmacy Technician role at NewYork-Presbyterian Hospital.

PROFESSIONAL EXPERIENCE

Pharmacy Technician | CVS Pharmacy, Ozone Park, NY *Nov 2025 – Present*

- Process and accurately fulfill 150+ prescriptions daily, applying strict dosage safety and double-check protocols in a fast-paced retail pharmacy setting.
- Resolve complex insurance and third-party billing discrepancies, reducing reimbursement delays and improving patient medication access.
- Deliver empathetic patient counseling at pick-up and drive-thru windows; escalate clinical inquiries to the pharmacist per protocol.
- Manage inventory using pharmacy management software (POS/PMS): perform cycle counts, maintain stock levels, and process returns-to-stock to reduce waste.
- Maintain 100% HIPAA compliance, safeguarding protected health information and adhering to all state and federal controlled-substance regulations.

Event Lead & Member | BRAC University Robotics Club, Dhaka, Bangladesh *2023 – Present*

- Coordinated logistics and hospitality for 10+ campus events; managed attendee check-in workflows and resolved real-time operational issues.
- Trained and supervised a team of 8 volunteers, maintaining high service standards through clear communication and attention to detail.

Private Home Tutor | Self-Employed, Dhaka, Bangladesh *2021 – 2024*

- Provided personalized academic support to 15+ students, producing an average 15% improvement in grades through data-driven lesson planning.
- Leveraged digital learning tools to improve session efficiency and built strong trust with students and families through active listening.
